

COVID-19 Safety Protocols

Updated January 12, 2022

A safe and comfortable experience at IACC's ("IACC") 2022 Annual Convention ("Event") is a top priority for IACC as we plan for your arrival at the Wyndham Grand Clearwater Beach ("Hotel") in Clearwater Beach, FL. We have prepared these COVID-19 Safety Protocols with the health, safety and enjoyment of attendees in mind.

These safety protocols are based on local, state and federal recommendations and mandates. However, given the evolving nature of the pandemic and changing local, state and national guidelines and requirements, safety protocols will naturally be fluid. IACC reserves the right to modify or update these safety protocols at any time so that they are appropriately tailored to the state of the COVID-19 pandemic, its attendant health and safety risks, and national, state, and local requirements and guidelines, during the dates of the event.

Please check back periodically so you are aware of the safety protocols you will be expected to follow while attending the event.

By attending the Event, you and anyone travelling with you agree to follow the safety protocols set in place by IACC, Hotel, Pinellas County, the State of Florida and the CDC, including those stated here and onsite at the event. IACC and Hotel reserve the right to ask any attendee or guest to leave the event and hotel premises at any time in the event of a suspected COVID-19 infection, exposure or symptoms.

HOTEL - Venue & Accommodations

From Wyndham Hotels & Resorts:

Count on Us® We're committed to the health and safety of our guests and team members, so we're taking important steps to demonstrate you can Count on Us – whether you're planning to travel now or in the future. When you stay at our U.S. hotels, you'll notice we've put the following new measures in place to give you peace of mind: [Elevating Our Health & Safety Protocols](#).

IACC - On-site COVID-19 Safety

Masks

- Mask protocol will follow [CDC](#) guidelines.
- Please bring your mask. IACC will have disposable masks on hand should you need one.
- Masks are highly recommended for all individuals whether vaccinated or not.

Meals & Sessions

- We've adjusted seating to allow more space per person.
- Meals: seating 4-5 people per round table.
- Sessions: seating options include one-per-six-foot-table and two-per-six-foot-table.

Social Distancing Bracelets

Red, yellow and green silicone wristbands will be available to help others identify your personal space preferences and help you identify theirs. Be sure to grab your preferred wristband at the IACC Registration Desk when checking in.

PARTICIPANTS - Self-Screening and Personal Accountability Commitment

Attendees' commitment to act responsibly with respect to their own health and the health of others at the event will be critical to the success of the Event. In that regard, IACC expects all attendees and their guests to conduct daily self-screenings and to self-monitor for COVID-19 symptoms. Please [review the CDC list of symptoms](#) before attending Fall Forum.

If you are experiencing COVID-19 symptoms or test positive for COVID-19, or are exposed to someone who has COVID-19 symptoms or tested positive for COVID-19, during the Event, we ask that you please promptly notify an IACC staff member and excuse yourself from event activities. You may want to reference the [CDC Coronavirus Self Checker](#) at that time to obtain the CDC's guidelines on staying away from others, testing and medical attention. IACC and hotel staff will work with you to determine whether and when it may be appropriate for you to return to event activities.

The Centers for Disease Control and Prevention (CDC) requires facemasks on buses, trains, trolleys, subways, ride-shares, maritime transportation, air travel, and other public transportation. Visit [CDC: Requirement for Face Masks on Public Transportation Conveyances and at Transportation Hubs](#).

Because the Delta and Omicron variants are shown to spread more easily, the CDC and Florida Department of Public Health (FDPH) also recommend everyone, both fully vaccinated and unvaccinated, wear a mask in other settings or situations, including in indoor businesses and crowded outdoor settings in areas with substantial or high transmission. Refer to the map on [CDC COVID Data Tracker: COVID-19 Integrated County View](#) to find community transmission levels in your county. Per the CDC COVID Data Tracker, the Hotel is in a County with a substantial transmission rate. You can find additional COVID related data specific to Florida on the [FDPH's COVID-19 webpage](#).

TRAVEL - TSA & Airlines

Before you travel, please take time to also understand the protocols put in place by the Transportation Security Administration (TSA) and the major airlines:
